Brenda: We need to open up a TA file for this matter, similar to the one we opened for NYSDEC (25TA-16-R2). Can you help me with that? If so, please include the email below and the attachment as originating documents for the file.

Thanks, Kurt

Kurt,

We have prepared a Draft Title VI Plan for the Delaware Department of Natural Resources and Environmental Control. As we discussed in our last conversation in February 2016, upon finishing the draft I would forward it to you at EPA for your feedback and guidance.

I appreciate all your assistance in preparing this draft document and I believe we have included all your recommendations to this point. I look forward to hearing from you with your comments so that we can move towards completion of the final plan.

Thanks again for your assistance and have a great Memorial Day Weekend.

Pat
